- Teamwork
- Problem Solving
- Decision Making

EDUCATION

Bachelor of Computer Application (BCA)
Manipal University, Jaipur
October 2022 - September 2025

Full-Stack Web Development
Masai School, Bengaluru
April 2024 - October 2024

WORK EXPERIENCE

Full Stack Developer Intern   April 2025 – Present
Clinix Sphere

- Developed responsive dashboards and landing pages using the MERN stack, improving doctor engagement by 30% and platform usability.
- Architected secure MongoDB data handling and role-based access control (RBAC) with JWT authentication for user-specific views.
- Developed RESTful APIs (Node.js/Express) for appointment scheduling and analytics, reducing backend latency by 25%.

Front-End Developer Intern   December 2024 – February 2025
Quadb Tech

- Developed responsive UIs with React and modern CSS techniques, achieving 90+ scores on Google PageSpeed Insights across devices.
- Translated Figma designs into pixel-perfect, accessible components, ensuring WCAG-compliant design and visual consistency.
- Participated in Agile sprints and implemented Git-based CI/CD pipelines, reducing review cycle times by 20% and improving team velocity.

PERSONAL PROJECTS

Gadgex – E-Commerce Platform ⧉ ○
Tech Stack: Next JS, Tailwind CSS, ShadCN UI, MongoDB, Razorpay

- Developed a feature-rich web app with dynamic product listings, advanced filtering, responsive design, and a seamless user experience.
- Implemented an AI-powered shopping assistant using Gemini to provide product guidance, enhancing user decision-making and engagement.
- Built secure checkout, wishlist functionality, order tracking, and one-click payment flow, resulting in a smooth, end-to-end shopping experience.

Hichat – Real-Time Chat Web Application ⧉ ○
Tech Stack: React JS, Node JS, Socket.IO, MongoDB, Tailwind CSS

- Built a scalable chat platform with WebSockets, enabling one-on-one/group messaging, file sharing, and real-time notifications.
- Engineered a fully responsive interface optimized for cross-device consistency, performance, and seamless user interaction.
- Developed secure authentication and robust backend APIs to ensure reliable, real-time data synchronization and user access control.
